Ultimate is a fast paced non-contact field sport played with a Frisbee. A new youth team is being formed to compete in local leagues and tournaments. The team is open to all participants. No experience necessary. Imagine playing quarterback, wide receiver, and free safety all in the same scoring attempt and you'll get an idea for how fun and exciting it is to play Ultimate.

Events are self-refereed. Athletes on the field make calls and resolve disputes, learning valuable conflict resolution skills in the process. If you've been burned out participating in other sports come give Ultimate a try.
